**APPLICATION FOR RECONSIDERATION OF THE  
DETERMINATION OF PATENT TERM ADJUSTMENT  
UNDER 35 U.S.C. 154(b)  
ACCOMPANYING THE NOTICE OF ALLOWANCE  
(37 CFR § 1.705)**

Commissioner for Patents  
P.O. Box 1450  
Alexandria VA 22313-1450

Sir:

The Applicant respectfully requests reconsideration of the Determination of Patent Term Adjustment Under 35 U.S.C. 154(b) (PTOL-85) accompanying the Notice of Allowance mailed June 10, 2011 ("the Decision"), to the extent indicated in the following discussion and the enclosed modified version of the USPTO Patent Term Adjustment calculation on PAIR. This application for reconsideration of the Decision is being filed after the date of mailing of the Notice of Allowance and no later than the payment of the issue fee.

This application for reconsideration of the Decision is accompanied by the fee set forth in § 1.18(e) (\$200).

This application for reconsideration of the Decision includes below a statement of the facts involved in sufficient detail to allow the United States

Patent and Trademark Office (USPTO) to reach the correct patent term adjustment respecting the disputed items.

The Applicant's calculation shows that the correct patent term adjustment should be 661 days.

The basis under § 1.702 for the adjustment is as follows.

### **Reductions in Patent Term Adjustment**

#### **Three Months to Respond to Office actions (37 CFR § 1.704(b))**

The Applicant is contesting the following application(s) of 37 CFR § 1.704(b) to reduce the patent term adjustment in the present application.

#### **Period from October 21, 2009, to February 26, 2010**

- The pertinent Office action was mailed on July 21, 2009,
- The date three months after the mailing date of the Office action is Wednesday, October 21, 2009,
- The Office is believed to be characterizing the entire period beginning on the date that is three months after the mailing of the Office action of July 21, 2009, until the filing of a Request for Continued Examination on February 26, 2010, as "time during which the applicant failed to engage in reasonable efforts to conclude prosecution (processing or examination) of the application" under 37 C.F.R. §1.704(a),
- The reduction in the patent term adjustment proposed by the USPTO is 128 days,
- It is Applicant's position that the correct patent term adjustment is, at most, 5 days.

Applicant respectfully submits that a Notice of Appeal containing a Certificate of First Class Mailing was transmitted to the USPTO in accordance with

37 C.F.R. §1.8 on October 21, 2009. The filing of the Notice of Appeal is not shown in the Transaction History of the USPTO. However, the receipt by the USPTO on October 26, 2009 of the Notice of Appeal transmitted to the USPTO by the Applicant on October 21, 2009 is recorded in the Image File Wrapper of the USPTO Private PAIR system. A copy of Applicant's submission of the Notice of Appeal on October 21, 2009 showing a date stamp of the October 26, 2009 receipt by the USPTO, as retrieved from the USPTO Private PAIR system, is attached.

Applicant respectfully submits that the Notice of Appeal transmitted to the USPTO on October 21, 2009 and received by the Office on October 26, 2009 is an Applicant response which satisfies the time limit for responding to the Office action mailed July 21, 2009. Therefore, once the Notice of Appeal was received by the Office on October 26, 2009, the Applicant was no longer delaying prosecution.

On February 26, 2010, Applicant filed a Request for Continued Examination under 37 C.F.R. §1.114 accompanied by a petition under 37 C.F.R. §1.136(a) for a two-month extension of time, thereby extending the deadline under 37 C.F.R. §41.37 for the filing of an Appeal Brief after the October 26, 2009 filing of a Notice of Appeal, from December 26, 2009, to the date of filing of the Request for Continued Examination, February 26, 2010. However, a delay in filing a brief or a Request for Continued Examination after the filing of a Notice of Appeal is not a PTA reducing delay of prosecution, in that the statute defines unreasonable delay of prosecution as "any periods of time in excess of three months that are taken to reply to any notice or action by the Office making any rejection, objection, argument, or other request." See 37 C.F.R. §1.704(b). Further, the Office has not defined delay of any period from the filing of a Notice of Appeal as unreasonable delay of prosecution.

Therefore, it is Applicant's position that any reduction in patent term adjustment due to Applicant delay in this situation is, at most, the difference between the response deadline three months after the July 21, 2009 mailing of the final Office action, and the October 26, 2009 date of the filing of a Notice of Appeal, a difference of 5 days. Applicant respectfully notes, however, that any delays due to the filing of a Notice of Appeal are not calculated until after patent

issuance, and therefore are not applicable at this time. Applicant respectfully brings this to the attention of the Office.

### **Net Patent Term Adjustment**

The changes requested by the Applicant to the USPTO patent term adjustment determination in the Decision are as follows:

### **Reductions in Patent Term Adjustment**

- **Three Months to Respond to Office actions  
(37 CFR § 1.704(b))**

	<b>Patent Term Adjustment (days)</b>
<b>USPTO Calculation</b>	128
<b>Applicant Calculation</b>	5

### **Conclusion**

The Applicant requests modification of the patent term adjustment as indicated above. As shown in the enclosed modified version of the USPTO Patent Term Adjustment calculation on PAIR, the patent term adjustment proposed by the Applicant is thus 661 days.

Please charge any fees or credit any overpayment of fees presently required to McAndrews, Held & Malloy, Ltd., Deposit Account No. 13-0017.

Respectfully submitted,
